

# 2025 Trophy Championship Show

## 12<sup>th</sup> October 2025

***Kindly sponsored by Josera - petfood with passion & Pet Footprint***

Mrs Yvonne Slaughter (Ordett)

Firstly I would like to thank the Members who voted for me to judge at this Show. I feel it is always a privilege to judge a Breed Club Ch Show and thank you to all the Exhibitors who brought their quality Gordons on the day for my assessment. I still find it difficult to find many Gordons with that beautiful 'brick on brick' head, and I also found a few expressions were spoilt by lighter than ideal eyes. At times movement was difficult to assess, and this was sometimes down to the handler, get somebody to watch and let you know what you and your dog are doing. On the plus side I thought colour has much improved and it is pleasing to find that we have some good youngsters coming through in the Breed. It is the dog on the day but remember you always take the best dog home. Finally this is a beauty show, and some dogs were not really prepared for the Show Ring. My 2 stewards Paul and Dee did a sterling job, thank you.

## **Dogs**

### ***Special Vintage (3)***

1<sup>st</sup> Halliday's YENNADON REISS SGWC 11yrs old and still fit as a fiddle.

Unfortunately had left his clothes behind but one could see his good structure. Stood on excellent tight feet and drove off from his correct bend of stifle.

### ***Veteran (4 1)***

1<sup>st</sup> Norman & Robertson's YENNADON KYLLACHY SGWC 9yr Another male with not a lot of feathering but was presented in good condition. Nicely shaped head, strong neck, body of good substance. Moved ok.

2<sup>nd</sup> McCarthy's HERNWOOD BOSTON HIGH FLYER 8yr heavier all through Excellent forehand, good depth of body and spring of rib. Still holding his top line on the move but not as accurate as 1. 3<sup>rd</sup> Hudson's LONGROW BOHEMIAN RHAPSODY AT ROBVALE.

### ***Minor Puppy (3 1)***

1<sup>st</sup> Sandiford's HERNWOOD MASTER BLASER 8mth Upstanding lad, presented in good coat with clear tan. Head is of correct proportions with a kindly dark eye. Excellent forehand, front and stood on good feet. He has plenty of substance all through for his age, level topline and well set on tail. Movement still rather loose in front but he is only young.

2<sup>nd</sup> Hall's RHIWGERRIG CARRACTACUS BY MELVIEW 9m A nice boy but in a smaller mold than 1 and not as mature. Everything as it should be for his age and all there to grow onto. Good in outline with a typey head. Moved soundly. Good colour.

3<sup>rd</sup> Hartleys Hartenzel Valais.

### ***Puppy (2)***

1<sup>st</sup> MacCaulay's WASELEY LAZY DAYS AT STYLERSETTS. 10m. Such a lovely boy, his head is all male with plenty of detail, correct eye shape and colour, giving that melting Gordon expression. Enough neck into well laid shoulder, topline held on the move, good reach in front and drive from his well-muscled hind quarters, but movement needs to settle. BPIS.

2<sup>nd</sup> HERNWOOD MASTER BLASTER

### ***Junior (8 1)***

1<sup>st</sup> Poynter & Collins-Pitman AMSCOT ANGELS AND DEMONS This 14m lad is very settery in outline. Shown in gleaming coat of good colour. His head is masculine with plenty of work, depth to muzzle and dark eye. Enough neck into well laid shoulders, straight in front with correct flat bone balanced by his strongly made hind quarters. He moved out well with good reach and drive. Needs to come up on his pasterns.

2<sup>nd</sup> Robson's KEWSTOKE OCEAN COMMANDER AT GLENDUDMOOR. Pleasing head and eye. He has good bone and substance with a well-made forehand, good depth with a well sprung rib cage. Strongly made well-muscled hindquarters but not the movement of 1

3<sup>rd</sup> Gregg's CARADILIS FIACH DUBH

### ***Yearling (6 1)***

1<sup>st</sup> Cuthbertson's LAINNIREACH STAR GAZER JW. This lad certainly took my eye on my first look around and thankfully didn't disappoint me when hands on. He is set in outline with the ruggedness of a Gordon. His head is correct with plenty of work, dark eye giving a cheeky expression and low set ears. Good reach of neck into well laid shoulder, stands straight in front on tight feet. Level topline held on the move, he already has good depth to body, and his hindquarters are well muscled with short hocks. He drives off on the move covering plenty of ground using his tail. I will watch his progress.

2<sup>nd</sup> Halliday's HERO MAJESTIC MANON LESCAUT YENNADON (imp Cze). Another lovely boy although of different type to 1. Strongly made all through with excellent muscle tone. Well-proportioned head but still needs to develop, he has good bone, legs and feet. Moved powerfully driving off his short hocks.

3<sup>rd</sup> Horler & Sandiford's HERNWOOD BLEU SPIRIT TO RACKENS JW

### ***Maiden (0)***

#### ***Novice (3 1)***

1<sup>st</sup> Hogg's GAILIECH WIMPAC (reserve in JD) 16m Not a big lad but overall he has a good shape, with enough bone for his size. Head ok but needs to develop. Body developing with depth to brisket and level topline. Moved okay. Coat of good colour.

2<sup>nd</sup> Reed's KEWSTOKE MR SANDMAN. (unplaced in JD) Smallish dog who wasn't sure what this showing lark was all about with a novice handler. For me he was rather short in foreface. When he eventually stood, he was balanced for his size. He stood straight in front and had nicely shaped hindquarters and a short well set on tail. Movement rather erratic.

#### ***Graduate (3)***

1<sup>st</sup> Hero Majestic Manon Halliday's HERO MAJESTIC MANON LESCAUT YENNADON (imp Cze).

2<sup>nd</sup> Harrison-Street's RONALDSBILL TRAIL BLAZER AT BRIDGEMERE. Pleasing out line, shorter coupled than 1, and finer in head. Good bone and stood straight in front on neat feet, shoulders could be better. Depth to body with level topline. Strong hindquarters with good width of thigh, moved okay.

3<sup>rd</sup> Burke's COTTONSTONES DAZZLING LAD

#### ***Post Graduate (9)***

1<sup>st</sup> Michalak's FORESTERS NORTHERN HUNTER OF DARMOOR WITH GADIEBURN JW (Imp DEU). Wow could not take my eyes off this boy. I liked him as a youngster, and he has certainly fulfilled his early promise. He is not overdone in any way but to me he says Gordon Setter. He has a classic head with plenty of work, good stop, and depth to flew, correct eye colour and well set on ears. His body flows all through from his head to the tip of his tail. He stood straight in front with elbows well let down and close to body. Deep in brisket and has a well sprung rib cage giving plenty heart and lung room. His top line is level which he held on the move, driving from his

strongly made hindquarters. Handled sympathetically, his coat was gleaming black with correct rich tan. **DCC & RBIS**

2<sup>nd</sup> Horler's COLOURBOX WILD WEST WITH RACKENS. An upstanding youngster who is maturing well. His head is of good type, but I would prefer a tighter eye. His body is well made with an excellent forehand, a strong arched neck that flows into his level topline, straight in front with depth and width to his fore chest. Good body with strength over loin he covers plenty of ground driving from his well muscled hindquarters.

3<sup>rd</sup> Tyes ROYDACK BLACK KNIGHT AT TYMORA

#### **Mid Limit (4)**

1<sup>st</sup> Morgan's CARADILIS SKY ROCKET JW. Soundly constructed stylish male having a masculine head and expression with good stop and depth of flew, long low set ears and a kind dark eye. He has strength all through his body with flat bone and he stood on neat tight feet. Movement was strong using his well-muscled hindquarters, holding his top line and driving from his short hocks. Presented in excellent coat of good colour and condition.

2<sup>nd</sup> Nagaty's MARLBECK MALDINI Very typey Gordon with good balance and not overdone in any way. His head is very correct being of good shape with depth to muzzle and a well-defined stop. He has excellent angulation fore and aft, a level top line into good tail set. He moved well albeit a bit close behind.

3<sup>rd</sup> Parker-Smith & Tuer's LIGNUM MONEY TALKS AT BRATTICUS

#### **Limit (6)**

1<sup>st</sup> Fudge's FIELDBERRY SECRET WEAPON AT RUFUSMOOR JW SGWC. Well up to size boy who depicts a weight carrying hunter. A very typical brick on brick head with eye of correct colour. His body is strong with good depth of chest, a pronounced sternum, lacking in many, and width to chest. His body is solid, broad across his back with depth to chest, strong over loin, and his hindquarters are strongly muscled with good width giving sound movement with good use of his tail.

2<sup>nd</sup> Harrison-Street's PARADISE PICKING PARSLEY AT BRIDGEMERE. Lighter framed dog and longer in body. He has a good skull shape and kind eyes. Overall he is well balanced with such a good front with plenty of forechest, depth to his body and strong over his loin. Moved steadily.

3<sup>rd</sup> Smith's GLENMAURANGI APOLLO AT GLENKINCHIE

#### **Open (7 2)**

1<sup>st</sup> Taits RO/SRB/BIH/FED BIH CH/SRB/BIH GCH FORESTERS NORTHERN LIGHT OF DARMOOR JW (IMP DEU). A strongly made boy with plenty of substance and shown in excellent coat. His head is of good shape with a well-defined stop and depth of muzzle, a strongly made neck leading to a level back, ribs well sprung. His hindquarters have good width of thigh, bend of stifle and short hocks. Moved out strongly.

2<sup>nd</sup> Bell, Millar & Bell's BALNAKEIL BEINN CORRADAIL OF BLAIRBELLES. Well up to size male with plenty of coat. He has an appealing expression from his dark eyes. Deep in body with good depth to brisket and a well sprung rib cage, strong over loin

and strongly made hindquarters being long from hip to hock which he uses well to push off from covering plenty of ground. Just wish he showed more enthusiasm.  
3<sup>rd</sup> Johnston & Johnston's LUDSTAR MACCABEE AT GLENQUIN (Imp Ita).

### ***Champion (1)***

1<sup>st</sup> Newton, Cornum & Timmerman's AM/INT Ch/ShCh CARNOUSTIE LET THE GAME BEGIN (Ai) (Imp Aus). A strong masculine Gordon who is certainly a weight carrying hunter. He has a typical head set on a strong neck into well made forequarters with good return. He carries a level top line with good depth and spring of rib, well ribbed back, strong over loin and good tail set. Hindquarters are long from hip to hock, and he has good muscle tone. He drives off with power and covers the ground with his head held high. Well-presented and in good coat and condition.

### ***Field Trial (2 1)***

1<sup>st</sup> Halliday's Ch YENNADON BARRA JW SGWC. Not a big lad but he is well balanced with a good outline and all in proportion. His head is masculine but wouldn't want it to be any broader. Correctly made forequarters balanced by his strongly muscled hindquarters. He covers plenty of ground on the move.

### ***Brace (3)***

1<sup>st</sup> Hardy's 2 very appealing girls who moved out well for their young handler.

### **Bitches**

### ***Special Vintage (2)***

2<sup>nd</sup> Gray's BIRNIEHILL HIGH FLYER. Almost 12yr and another pretty girl with feminine head who still has good depth to her body and a level top line. She also moved well but not as settled as 1

### ***Veteran (3)***

1<sup>st</sup> Cuthbertson's SH CH LAINNIREACH ANGELS SHARE. 8yr What a lovely girl, very much a typical Gordon. Shown in excellent coat and condition for her age. She stood straight in front balanced by her shapely hindquarters. Moved with enthusiasm.  
2<sup>nd</sup> Hall's MELVIEW PHOENIX 7yr old who certainly doesn't show her age. Not the substance of 1 but is well made, such a feminine head with a melting expression.

Balanced angulation fore and aft with which she moved out happily on a loose lead. 3  
Tongs Benbuie Rose Quartz With Kellizlot

### **Minor Puppy (1)**

1<sup>st</sup> SANDIFORD'S HERNWOOD SUPERSTITION. A very confident 9mth baby with such a sweet expression. Her construction is correct, with good bone, she has it all there to grow onto. She moved very together for her age using her well set on tail

### **Puppy (2)**

1<sup>st</sup> SANDIFORD'S HERNWOOD SUPERSTITION

2<sup>nd</sup> Sweryda's WASELEY HAZY DAYZ. 10mth who is heavier all through. Her head is correct and developing along the right lines with good stop and dark eye She has substance to her body and correct flat bone standing on a straight front , depth to her body but she was standing a bit 'bum high' which straightened out her bend of stifle . I am sure this is just a growing stage, and this will return as she matures as she is a lovely type

### **Junior (10)**

Wow what a great class, so promising for the future.

1<sup>st</sup> Bryant's LAURELHACH LOTUS WITH MUCKYPUPS. Looked good in profile and is of super Breed type.
