

BRITISH GORDON SETTER CLUB CHAMPIONSHIP SHOW 2 – 12 OCTOBER 2025

Firstly I would like to thank the Members for voting for me for this appointment as I consider it a great honour to judge a Breed Club Ch Sh; I would also like to thank my very able stewards for keeping the ring moving so efficiently. Overall, I only found 3 incorrect bites and no perceivable health issues in any of my exhibits. Please remember that Gordons have a height standard of 26 ins for dogs and 24 1/2 ins for bitches which was exceeded by several exhibits and worryingly in some puppies which still have a lot of growing to do. Some heads were not always as per the breed standard which states length from occiput to stop slightly longer than from stop to nose giving what the late Jose Baddeley referred to as a 'brick on brick' head. Hind movement was a little erratic in several exhibits due to lack of muscle tone; to be fit for function a Gordon should be capable of working a grouse moor all day. However I was thrilled with the quality of my winners and am grateful for their owners allowing me to judge such quality exhibits.
